THE GATE

To HAPPINESS
is in the HOME
and the GARDEN
and
"It's not a home until it's planted."

ANNUAL FLOWERS FROM SEED

As flower lovers come to realize more the ease with which annual flowers can be grown from seed there is an increasing demand for GOOD seed. We packet our own flower seed and import direct from England and Europe and every kind mentioned below is a selection made as being suited to this section and many varieties are new sorts selected when one of our firm visited the large English seed houses last summer.

All sorts are in 10c packets. Plants ready started may be had of those marked with a capital P. Prices of plants reasonable.

AGERATUM—Little Blue Star—for borders—P.

ALYSSUM*—Easy grown, white and fragrant—P.

ANTIRRHINUM—(Snapdragon) in separate colors or mixtures—18 inches high—P.

ASTERS—Seed in mixtures—Plants only in separate colors—ask for list—P.

BACHELORS BUTTON—Blue and White.

BALSAM—Double Camellia flowered.

CALENDULA—Choicest mixed—P.

CALLIOPSIS—Dwarf red or mixed—P.

CANDYTUFT—Giant hyacinth flowered mixed.

CELOSIA—Plumed cockscomb mixed—P.

CHRYSANTHEMUM*—Annual mixed, very fine.

COSMOS—Large early flowering—P.

GAILLARDIA—Annual mixed, easy grown.

FORGETMENOT—A fine strain for forcing.

GYPSOPHILA—or Baby's Breath, annual.

HELICHRYSUM—Strawflowers, mixed.

HOLLYHOCK—A fine strain of annuals.

KOCHIA—Summer cypress for borders—P.

LARKSPUR—Annual—mixed or in pink and blue—new choice sorts—P.

MARIGOLD—Tall and dwarf mixed—P.

MORNING GLORIES—Mixed but good strain.

Dianthus

or

Scotch Pinks

Why Not
Try
a few
SWEET
PEAS
this
year?

NASTURTIUM—Mixed, either tall or dwarf, also Vesuvius—dark leaves, apricot.

PANSIES—Giant mixed sorts—P.

PETUNIAS—Assortment of fine singles—P.

PHLOX—A mixture of the large strains—P.

PERENNIAL PEA—NEW white—fine—P.

POPPI—Carnation flowered, other sorts.

PORTULACA—Extra fine double mixed.

RICINUS—Castor Oil Plant—mixed—P.

SALVIA—America—the popular sort—P.

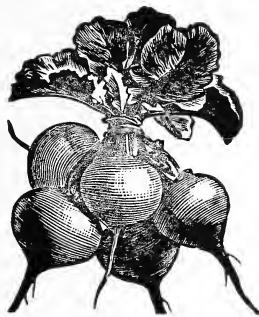

STOCKS—Sweet scented, dependable—P.

SWEET WILLIAM—Annual and hardy.

VERBENA—Mixed and red—P.

SWEET PEAS—Mixed or separate sorts.

ZINNIAS—The finest Dahlia flowered—P.

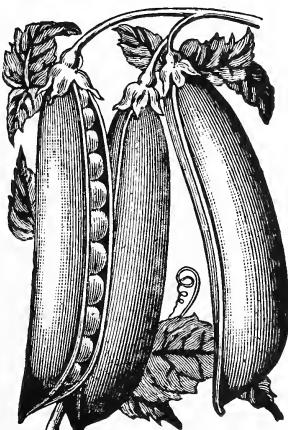

Special Seed Offer

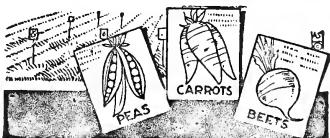

It is not much of a secret that a great portion of the cost of seed is consumed in the merchandising of it and the loss that must come from unsold seed each year that has to be destroyed. But we are willing to give you your seed at reduced prices if you will help us in making quantity sales.

Ready made lists of seeds are of little use to anyone and we offer no such "Home Garden Collections." You make up your own selection from the 10c papers listed on either of these two pages and if you mail your order for 20 or more kinds we will sell them at the price of 5c per package or just half the price listed. Do it NOW and

**USE THE ORDER BLANK ON THE
LAST PAGE**

**Vegetable Plants
See Page 8**

As everyone well knows, last year was not a favorable season for the production of vegetable seeds and many kinds are in short supply, especially such seeds as Peas, Beans, Corn, etc. We publish this list subject to our having the variety and suggest that you make up your order from this list, NOW.

BEANS—Burpees Stringless, Michigan White Wax, Golden Wax, and Red Kidney, all at 40c per lb.

BEANS, LIMA—Giant Podded Pole and Improved Bush at 50c lb.

BEETS—Crosbys Egyptian, Detroit Red and Eclipse, large packets 10c.

CABBAGE—Copenhagen Market, Danish Ball Head, Early Wakefield, Flat Dutch and others 10c pkt.

CARROTS—Chantenay Danvers Half Long and Oxheart, per pkt. 10c.

CAULIFLOWER—Early Snowball.

CFLERY—Self Blanching and White Plume.

SWEET CORN—Golden Bantam 45c per lb.

CUCUMBERS—White Spine, Improved Long Green and Early Cluster 10c.

EGG PLANT—Imp. N. Y. Purple.

KOHL RABI—10c packet.

LETTUCE—Big Boston, May King, Hanson, Black Seeded, Simpson, 10c.

MUSKMELON—Early Hackensack, Rocky Ford and Honey Dew, 10c.

WATERMELON—Kleckley's Sweet.

ONION—Southport White, Red or Yellow.

ONION SETS—Yellow or White 35c lb.

PARSLEY—Moss Curled.

PARSNIP—Hollow Crown, the standard.

PEAS—Early-Notts Excelsior and Suttons Excelsior which is better than Notts. (Main crop-Champion of England and Sutton's Perfection—very productive). All peas are 40c per lb.

PEPPER—Ruby King and Chinese Giant.

PUMPKIN—Large yellow field.

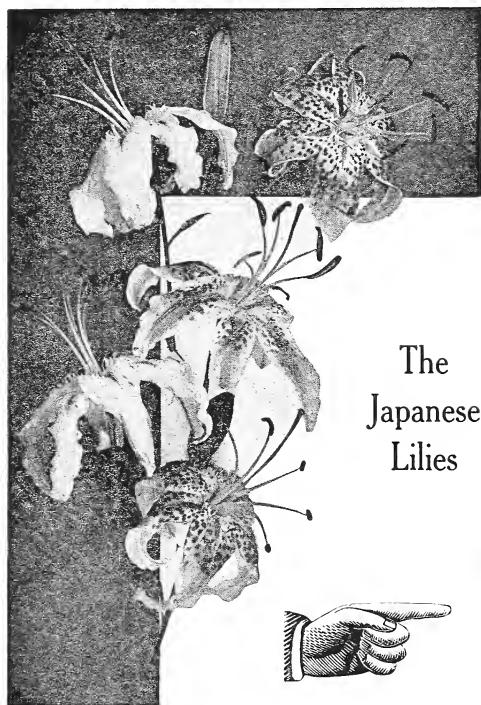

RADISH—Early Scarlet Globe, French Breakfast and Icicle, 10c pkt.

SPINACH—Thick Leaved and Savoy.

SQUASH—Giant Summer Crookneck and Bush. True Hubbard from own seed. Boston Marrow—an Orange Hubbard.

TOMATO—6 standard sorts—see under Plants.

TURNIP—Purple Top White Globe and Yellow Globe, fine for table, 10c.

The Japanese Lilies

PLANTS
Grown from Bulbs
will brighten your
Garden this summer
with the least effort.

This
shows
the various
Types of
Dahlias.

BULBS FOR SUMMER PLANTING

Whether your garden be of annuals, or perennials, or a vegetable garden with flower borders, you will find that flowers from bulbs will give you quick, satisfactory results with a minimum expenditure of labor and money. One of the most popular of the summer flowering bulbs are the:

GLADIOLI—These should be planted every two weeks after May 1st to secure a succession of bloom. Plant 3 inches deep and two inches apart in the rows. We have a fine mixture of good colors at 60c per dozen or \$4.50 per 100. Named sorts at same prices. **America**—Soft Pink—fine. **Mrs. Francis King**—Scarlet or Flame. **Niagara**—Clear Yellow. **Panama**—Rose Pink. **Peace**—Pure White. **Prince of Wales**—Apricot. **Schwaben**—Yellow.

TUBEROSE—This fragrant white flower is an old favorite and easily grown. Good bulbs 8c each or 75c per dozen.

LILIES—Just opposite we show a fine picture of the wonderful Japanese lilies, which lend such dignity and beauty to the garden. We have for sale two kinds shown—white and pink spotted. We sell the started plants at 50c each. Plant them early and remember that they are perfectly hardy.

DAHLIAS—If one were to attempt to list all the dahlias that would satisfy very many customers it would take almost a book and as we have specialists in this line in the immediate vicinity, it is not deemed wise to catalogue them here but just to call your attention to the fact we have a good assortment of various kinds at \$1 per box and what we haven't got we can get quickly and at reasonable prices.

AQUATIC OR WATER PLANTS

It is a general belief that it is a very expensive thing to have a pool in ones yard in which to grow lillies and in which the birds can bathe but a simple little pool which will answer the purpose can be built for a few dollars and if you are interested we would be glad to show you how.

The plants to put in the pool are likewise inexpensive for the ordinary sorts. We carry in stock several of the water plants and can get waterlily bulbs on reasonable notice. Come and talk it over.

BULBS FOR FALL PLANTING

As is no doubt generally known we import our bulbs direct from Holland and we have them of a quality unsurpassed. Ask for list.

Borders and Gardens

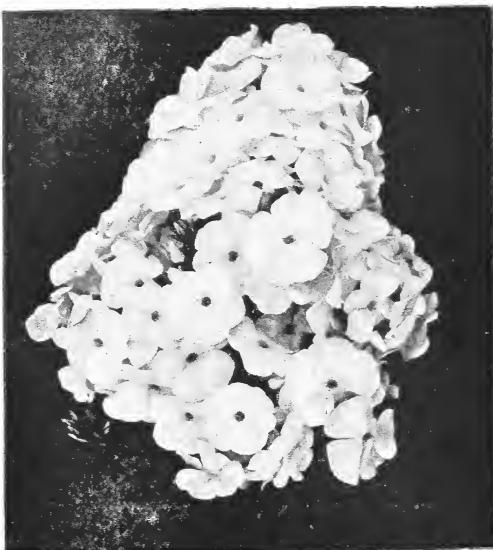

The popularity of the hardy border or perennial garden is not a new thing as this was the favorite garden of the Revolutionary days and those keen gardeners brought the ideas from England and handed them down to us in the old-fashioned gardens of to-day.

Perennials are planted because of the minimum of care required to produce a maximum of bloom all thru the summer. They may be planted in Spring or Fall and plants may be found for every purpose.

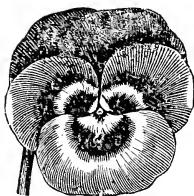

In this short list it is impossible to more than mention the more common sorts and any of our friends contemplating the beginning of a garden or border will find us ready to offer our advice free of charge and submit larger lists of plants.

Our Perennials are mostly field grown plants from our nursery and sell for 25c each or \$20 per 100 and include the double white Achillea, Shasta Daisies, Hardy Larkspur, the brilliant Gaillardia, several choice sorts of Yellow Day Lillies, Mallows, German Iris, Hardy Phlox and Veronica and many other choice sorts.

Peonies are to be had in variety at 50c to \$1 per clump. For prices of hardy Chrysanthemums see Page 6 and for hardy Lilies, Page 4.

This illustration is of the fine white Phlox, Miss Lingard, which is a strong grower. 25c each.

PLANTS for Every Purpose

Ten years ago our trade in plants consisted principally in a few geraniums and tomato plants but this year we are growing over 30,000 plants for spring sale in many sorts. Space does not permit detailed description but this is hardly necessary as the plants we handle are mostly the well known and best sorts. For convenience we are listing them alphabetically:

ACHYRANTHUS—A border plant better than coleus in red or yellow variegated. \$1.25 per dozen—\$7 per 100.

AGERATUM—Blue dwarf, for borders, 75c per dozen—\$6 per 100.

ALOYSIA—Lemon Verbena—20c each.

ASPARAGUS—Fern, 35c and 50c each.

BEGONIAS—We have this year a larger stock than ever of these because it is such a fine plant for shady places. 20c and 25c each—\$2.50 per dozen. \$18 per 100.

ERFORDIA—Rosy Carmine; **LUMINOSA**—Scarlet.

PRIMA DONNA—Pale rose; **SALMON QUEEN**—a very brilliant begonia—fine.

CANNAS—Growing plants taken from 3 inch pots 20c each; \$15 per 100.

Pink Shades with Green Foliage

Venus: Gay rose pink, 4 feet.

Apricot: Buff yellow suffused with pink, 4 feet.

Yellow Shades with Green Foliage

Florence Vaughan: Golden Yellow, spotted crimson, 4 feet.

Richard Wallace: Canary yellow, 4 ft.

Bronze Foliage Varieties

Brandywine: Intense wine red; 3 1/2 ft.

King Humbert: Orange scarlet, rose tinted, 4 1/2 ft.

Wyoming: Magnificent, orange colored; 7 feet.

Red Shades with Green Foliage

Crimson Bedder: Intense Carmine; 3 1/2 feet.

President: Rich growing scarlet; 4 feet.

Wintzers Colossal: Vivid scarlet; 5 feet.

COLEUS—10c each, \$1 doz., \$7 per 100.

Golden Bedder—Bright yellow.

Vershaffelti—bright red.

Fancy mixed—Very choice sorts.

CHRYSANTHEMUMS—Hardy outdoor sorts. Our list includes all colors in just the best hardy varieties. Price 25c each. \$2.50 doz.

Glory of Seven Oaks—Yellow and the best sort known.

Old Homestead—Bright rose pink.

Victory—Pure white.

Ruth Cummings—Bronze.

Golden Climax—Yellow Pompon.

Autumn Glow—Rosy Crimson.

Alice Howell—Orange Yellow.

CYPERUS—Umbrella plant—for moist places or for pots 20c each.

DAHLIAS—See under bulbs, page 4.

DRACEANA—The popular, graceful palms for lawn vases, etc. \$1 each.

FERNS—THE BOSTON FERN, we have a limited stock of these at \$1.25 ea. Dwarf Boston—Fine for window boxes, plants in 5 inch pots, \$1.00 ea. Teddy Jr.—A crinkley Dwarf Boston, \$1.00.

Whitmani—With plumy foliage, \$1.25.

Fern Dish ferns in all sizes.

FUSCHIAS—Fancy sorts 20c each.

Speciosa—A strong grower with nice flowers—good for shade, 15c each, \$1.50 per doz.

GERANIUMS—Priced according to size from 15c to 25c each and \$2 and \$3 per doz. Large plants \$22 per 100.

Alphonse Ricard—Bright Orange Red.

Beaute Piotevine—Rosy Salmon.

Bertha Presilly—Pure light pink.

Jean Viaud—Rosy Pink, large flowers.

Frau. A. Buchner—Pure white.

S. A. Nutt—The dependable red.

Happy Thought—Green and White leaves.

Rose—The popular sweet scented one.

GLADIOLI—See bulbs page 4.

HELIOTROPE—The variety we have is very profuse in bloom and much admired. 10c, 15c and up according to size. \$1, \$1.50, and \$2.50 per doz.

PARLOR IVY—A very quick growing vine for use in urns, on porches, etc. 15c each. \$1.50 per dozen, small plants 10c.

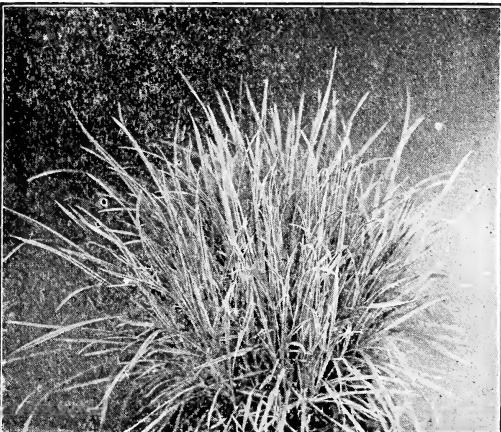

ENGLISH IVY—4 inch pots 35c each. **LILIES**—See bulbs page 4.

LOBELIA—Cambridge Blue— a new sort light blue, fine for edging—10c each, \$1 per doz. and \$6 per 100.

PANSY PLANTS—Strong Spring grown plants from the best seed 5c each, 50c dozen.

PALMS—See also Draceana. We have some nice plants of House palms—Kentia at \$3, \$3.50 and \$4 each.

PELARGONIUMS—Extra fine healthy plants at 25c, 35c and 50c each.

PENNISETUM—Purple fountain grass very effective around Cannas, 10c each. \$1 per dozen, \$5 per 100.

PETUNIAS—Double flowered 20c ea. \$2 doz.

Single Ruffled type—15c each, \$1.50 doz.

Single plain type—10c each, \$1.00 doz.

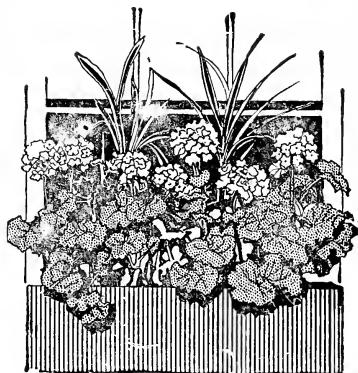

Pink Rosy Morn—10c ea., \$1.00 doz.

SALVIA—America the best, earliest, and showiest of all, \$1.25 per doz., \$7 per 100. Small plants 75c doz.

VERBENA—A most satisfactory bedding plant in brilliant colors at 10c each, \$1 per dozen, \$7 per 100.

Ellen Willmott—Bright red, very fine.

VINCA—Variegata—the ever popular green and white vine for summer use. 20c and 25c each. \$2 and \$2.50 doz.

HARDY VINES

For a combination of beauty, utility and low cost nothing can take the place of hardy vines of which we have a stock of the following sorts most called for.

AMPELOPSIS VEITCH or Boston Ivy, will cover most anything quickly, 50c each.

BIGNONIA RADICANS—Orange-scarlet trumpet flower, good foliage, strong grower, 50c.

CLEMATIS PANICULATA—Japan white clematis, feathery flower, fragrant, 40 c each. C. Jackmanni, large velvet purple flower much admired—wants rich soil, 75c.

ENVONYMUS—We have several varieties of this evergreen vine which is hardy. 50c ea.

LONICERA—Japanese Honeysuckle, fragrant, almost evergreen, rapid grower, 50c each.

WISTERIA—Fine for pergolas, purple, \$1.

Fertilizers to Make Your Flowers Grow

Because of a lack of storage facilities we have discontinued the selling of fertilizers in wholesale lots but have added to our line in quality what we may have lacked in quantity. Our newest addition is a specially prepared fertilizer for small gardens, lawns, etc., and of which a little goes a long way. It is known as VIGORO and is put up in convenient cotton bags of 25 and 50 lbs.

Complete details as to its use will be furnished on request. Prices follow:

VIGORO, in 25 lb. bags.....\$1.50

VIGORO, in 50 lb. bags.....\$2.75

SHEEP MANURE, in 100 lb. bags \$3.00

BONE MEAL, fine for roses, 100 lbs., \$4

High Analysis Fertilizer, 100 lbs., \$4.00

Prices of other sorts on request.

Roughly speaking 50 lbs. of fertilizer is sufficient for 2,000 sq. feet of ground.

Vegetable Plants

These prices on Vegetable plants are given subject to stock being unsold. Many factors in the growing of vegetable plants enter in at the last moment to change the quality or quantity of an article and we reserve the right to change the prices at any time that the condition of stock warrants. The demand is very great, also, and early orders will receive best attention.

Name	Potted Plants	Transplanted	dozen	100	doz.	100
Cabbage—early					15c	75c
All sorts—late					10c	40c

		\$2.00	doz.			
Strawberry Plants—ask for prices.						
Special prices made on large quantities of any of these vegetables.						

FRUIT FOR THE HOME GARDEN

The growing of fruit trees is eminent-ly a job for specialists and we make no pretense of having a fruit tree nursery nor will we attempt competitive bidding on quantity orders. We do, however, have a good assortment of fruit trees and bushes for the convenience of our customers who wish to include these trees with their orders. The trees we handle are all of the largest size being 3 and 4 years old.

Our assortment of varieties includes the best sorts for the home garden.

APPLES—Best sizes \$1.00 each (bear in 5 years). Summer: Yellow Transparent; Fall: Northern Spy and Seek-No-Further; Winter: Baldwin and McIntosh.

PEARS—Good size \$1.00 each (bear in 4 years). Bartlett for Winter; Beurre Bosc for Fall.

PEAR—Dwarf; Best size 75c each (bear in 2 years). Beurre Anjou, Clapp's Favorite, Duchess, Seckel.

CHERRIES—Sweet; No. 1 size \$1.25 each (4 years). Black Tartarian, Napoleon Yellow, Windsor Red.

CHERRIES—Sour; Good size 75c each (3 years). Early Richmond, Late English Morello.

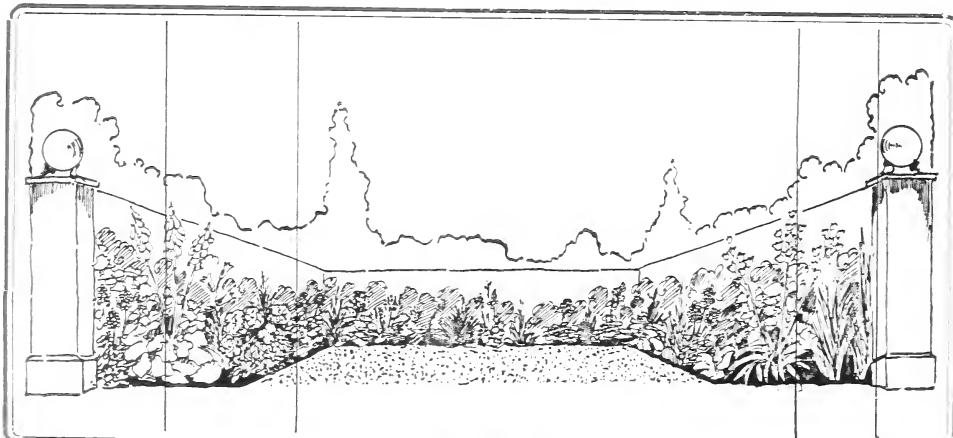

PEACHES—Largest size 50c each (bear in 2 years). Early and Late Crawford, Carman, Mountain Rose.

PLUMS—Largest size \$1.25 (bear in 4 years). Burbank Japan Plum, Bradshaw Red Plum.

QUINCES—Fine trees \$1 each (bear in 5 years). Orange—the standard variety.

CURRENTS—Good plants 20c each (bear in 2 years). Perfection and other sorts.

GRAPES—2 year plants (bear in 2 years). Concord, 20c each; Niagara, 25c each.

Trees Shrubs

Shrubs

The shrubs listed below are all growing in our nursery on the Rhinebeck-Rhinecliff road and the planting season includes the months of April, May, June, September, October and November. They are grown wide apart and are bushy with fine roots thus differing greatly from the stock offered by many nurseries. As height of shrubs indicates nothing we omit sizes. The larger growing kinds are from 3-4 ft. high now and the smaller kinds from 1 1/2-2 feet. You'll be pleased with any of these plants that you buy. L. M. T. indicates Low, Medium or Tall growing.

ALMOND—Pink flowering, double \$1 each. L.

BARBERRY, Japanese—The most useful shrub we have for sun or shade. Well known. Strong plants 50c ea., \$4.50 per 10.

CALYCANTHUS—Strawberry shrub, T 60c.

CLETHRA—M. Sweet Pepper Bush, 60c each.

CORNUS—Alba-T-Red Twigg'd Dogwood 50c. Lutea-Yellow Twigg'd Dogwood 75c. Ele. Var.-Variegated Foliage \$1. M. Paniculata-T. Fine for groups 50c. Florida-Common white Dogwood \$2.50. Florida rubra-Pink Flowered Dogwood \$4.50.

DEUTZIA—Gracilis-L-white flowers, 60c. Pride of Rochester-T-pink flowers, 75c.

ELDER—Sambucus Canadensis-T-50c. Can. Aurea-T-Golden Leaf Elder 75c.

EVONYMUS—alatus-Spindle Bush \$1. European-fire bush-M 75c.

FORSYTHIA—Golden Bell-M-T. Medium Tall or Drooping kinds 60c.

HONEYSUCKLE—Bush type—various kinds with white or pink flowers at 50c.

HYDRANGEA—Aborescens or Summer Hydrangea "Hills of Snow"-M, 75c

each. Paniculata Gr.-M, the well known Fall blooming kind 75c and \$1. Fine plants.

LILACS—Common purple or white 75c each. French Hybrids in assortment \$1 each. S. Villosa—Late, Tall Bushy sort \$75.

PRIVET—Ornamental shrub type. Golden California Privet, 75c each. Regels Drooping Privet 50c each. Ibota Privet-Tall with purple berries.

PHILADELPHUS—Mock Orange-Fragrant Syringa 50c, 75c and \$1, according to size.

PRUNUS—PISSARDI—Purple leaved Plum \$1.25.

RHUS—Copallina-Shiny Sumach-T 50c each. Typhina Lac. -Cut leaved Sumach-T 50c.

SYMPHORICARPOS—Snowberry-L 50c each. Indian Currant-L, 50c each.

SPIREA—Anthony Waterer-L, Pink, 50c; Callosa Alba-L, White, 50c; Billardi-M, Pink, erect type, 50c; Opul. Aurea-T, Golden leaved, 75c; Thunbergii-L, White flower, feathery, 50c; Van Houtte-M, drooping Bridal Wreath in various sizes 40c, 50c, 60c each.

VIBURNUM — Dentatum-Arrow-wood, 60c each; Opulus, High Bush Cranberry, 75c and \$1. Tomentosum, flat head snowball, 75c; Plicatum, Japanese Snowball, \$1 each.

WEIGELA—Rosea-Pink, June-M, 50c and 60c; Eva Rahtke, red Weigela-L, \$1 each.

HEDGE PLANTS

BARBERRY—Japanese, 12-18 in., \$18 per 100.

PRIVET—California, 15 in. high, \$6 per 100; 18-24 in. \$8; and 2-3 ft. \$10 per 100; Amoor River, very hardy and desirable, light grade, 2 ft., \$12 per 100; heavy grade, 2 ft., \$16 per 100; Ibota Privet, heavy, \$20 per 100.

SPIREA—Van Houtte, 2 ft., \$25 100.

ORNAMENTAL AND SHADE TREES

BEECH—European, very fine, 5 ft., \$4 each.

BIRCH—Cut leaved weeping, 12 ft., \$5 each.

CATALPA—Umbrella Tree, 6 ft. high, \$3.50; flowering Catalpa, 5 ft., \$1.50 each.

CORNUS—Dogwood. See under shrubs.

CRAB—Pink Flowering, very fine, 5 ft., \$3.50.

ELM—American, 8-10 ft., \$1.50; 10 ft. \$3.50.

MAPLES—Sugar Maples 12 ft., large, \$5 each; Weirs cut leaved, 6 ft. trees, \$2 each.

MOUNTAIN ASH—Fine trees \$2.50 ea.

SALISBURIA—Maiden hair tree \$5 ea.

WILLOW—Weeping, 6 ft. trees, \$1.50.

BIG POT-GROWN ROSES

Ready to Bloom

We never handle for sale dormant plants of roses as we find they are not satisfactory to our customers. And the little extra cost of potted roses ready to bloom is very small indeed. The picture below shows how our plants look when we sell them to you and if they are planted in good rich soil they will produce an abundance of bloom all summer long.

The HYBRID TEAS are the most prolific bloomers even if a little tender and are well worth a little attention. These we recommend as the best to buy. We have the following varieties. All potted roses. Each 75c, \$7.20 per doz., \$50.00 per 100.

COLUMBIA—A fine cutting variety, good indoors or out. True pink, double, large.

GENERAL McARTHUR—Fragrant, dazzling crimson scarlet, one of the best roses.

GRUSS and TEPLITZ—Dark, rich, velvety red.

HARRY KIRK—Clear yellow, fragrant, free flowering, vigorous, dependable.

HOOSIER BEAUTY—Glowing crimson, large bud, scented nicely, fine for cutting.

KAISERIN AUGUSTA VICTORIA—Full double creamy white flowers, fragrant.

LA FRANCE—Large full pink flowers, fragrant. Good for poor soil.

LOS ANGELES—One of the finest all round roses ever offered. Long stems, large flowers in color flame pink with coral.

MME. EDUOARD HERRIOT—The famous Daily Mail rose. Deep coral red, prolific bloomer.

MRS. MAC KELLAR—Large well formed flowers of canary yellow.

MRS. AARON WARD—Deep golden orange, long a favorite corsage rose.

OPHELIA—Fragrant, prolific, strong growth; delicate shading of pink to yellow.

RADIANCE—Very hardy vigorous and prolific. A carmine rose blended with other shades.

RED LETTER DAY—Semi-double flowers of a glittering scarlet crimson. Very fine.

The HYBRID PERPETUAL class of roses are the hardiest but least prolific, yet they include some of the best known roses.

FRAU KARL DRUSCHKI—Large full white rose too well known to need much description.

GENERAL JACQUEMINOT—“The Jack Rose”, Scarlet.

GEORGE AHRENDS—Deep rose pink, very fine.

MRS. J. H. LAING—Satiny clear pink, prolific.

ULRICH BRUNNER—Bright cherry red, dependable.

HARRISON'S YELLOW—A strong shrubby grower but with fine yellow flowers. Much used.

HARDY CLIMBING ROSES are always in demand and we have the best sorts. Same price as Tea.

CRIMSON RAMBLER—The old red favorite.

DOROTHY PERKINS—The best of the rambler type with soft pink blooms.

PAUL'S SCARLET CLIMBER—A “Climber” rather than a “rambler”. Fine red flower, dark foliage.

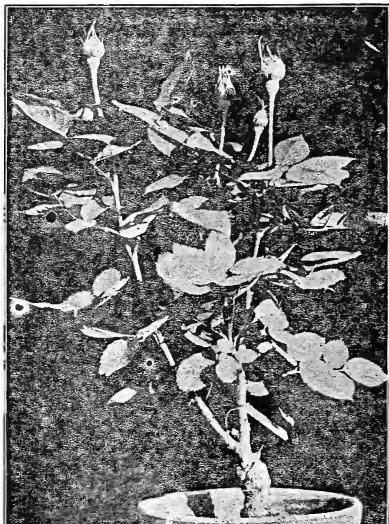

OTHER TYPES OF ROSES:

SIR THOMAS LIPTON—A strong shrubby white rose blooming all summer. A hybrid rugosa.

RUGOSA RUBRA—The red Japanese rose for use with shrubs. Fine red seed pods 50c.

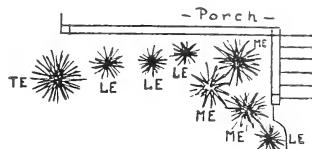

SETIGERIA—The prarie rose. Good for mass effects or filling in shrub corners, 50c.

WICHURIANA—The “Memorial Rose”, very fine as a ground cover with its white flowers and dark glossy leaves, 50c.

Evergreens

For Foundation Plantings

For year-round beauty, and permanent effects nothing does so well as evergreens for use around the foundation of the house or as specimens on the lawn. Just above is a little sketch showing a typical porch planting with the initials TE, LE, ME signifying Tall, Low and Medium growing sorts which may be selected from the list below.

We have evergreens in many other sorts than those listed and in a wide range of sizes and it is usually better to let us help you in planning just the selection you need for beautifying your home as no two locations can be treated just the same.

ARBORVITAE—American, TE, 2 ft. \$2.75 ea.
Glove AV-LE, 12 in. Globes for \$2.50.
Pyramidal AV-ME nice 3 ft. plants \$4.50.
Siberian AV-ME, Slow growing, 1 ft. \$2.50.
JUNIPER—Spreading Golden, 15 in. spread, \$1.75.
Pfitzers ME, Vase shaped, fine 18 in., \$3.25.
Virg. Glauca, Tall blue, rare, 2 ft., \$3.00.

Stricta, LE, Pyramidal Blue, 1 ft., \$1.75.

Swedish, ME, Erect, narrow, 15 in., \$1.50.

PINE—Mugho or Dwarf Mountain, 15 in., \$3.50.

White Pine, nice 5 ft. trees, \$5 each.

RETINISPORA—A very fine sort.

Pisifera—Green ME, Pyramidal, 2-3 ft., \$3.50.

Pis. Aurea-Golden ME, Pyramidal, 2-3 ft., \$3.50.

Plumosa-Japan Plumed Cedar, 2 ft., \$4.

Plumosa Aurea—Golden Cedar, 2 ft., \$3.50.

Squarrosa—Blue Japan Cedar, 18 in., \$3.00.

SPRUCE—Norway, well known green form in all sizes. 3 ft., \$2.75.

KOSTERS BLUE SPRUCE—\$12 to \$30 each.

YEW—We have 5 varieties in all sizes.

FREE LITERATURE

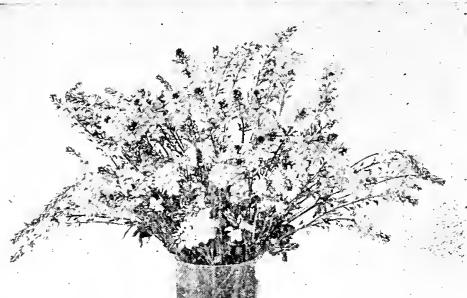

To help our friends in the growing and selecting of things horticultural we have prepared literature going into more detail than is possible here and a post card with your name and the name of any of these circulars will bring them to you at once.

"It's Not a Home Until It's Planted."
"It's Not a Farm Home Without Fruit".
"The Care of Newly Planted Trees."

“Descriptive Nursery Catalogue”.

OUR TERMS

Our terms are Cash but we are glad to open accounts with known parties when requested. Like all other horticultural firms we use every care to give you what you order and of good quality but we give no warranty as to description, quality or productiveness of anything we sell.

GROW ANNUALS FOR CUT FLOWERS

For permanent garden effect there is nothing like the perennial or hardy but where flowers are wanted for cutting during the summer nothing can take the place of annuals. They are easily grown from seed or small plants. For varieties see page 2, where is also noted (P) what plants we have for sale ready to set out.
